3. Contractual terms

The terms for participation in the Trade Fair BIOFACH 2026 are the Special Conditions for Participation for the TableTops at BIOFACH 2026 and General Conditions for Participation in Fairs and Exhibitions (including Supplementary Agreement), the NürnbergMesse site regulations, the organizational (e.g. exhibitor information), technical (e.g. Online ExhibitorShop) and other conditions notified to the exhibitor before the exhibition begins.

If the digital event platform talque is used for the Trade Fair BIOFACH 2026, the licence terms and conditions of use for talque of Real Life Interaction GmbH shall also be part of the contractual basis. In this case, every exhibitor will receive a basic entry on the digital event platform. If the licence terms and conditions of use for talque of Real Life Interaction GmbH and the Special Conditions of Participation in the Trade Fair BIOFACH 2026 contradict one another, the latter shall take precedence.

4. Application

The application must be received by no later than 21 November 2025 using the online application form issued by NürnbergMesse on www.biofach.com. The processing of your application can only begin once all the necessary documents have been submitted.

5. Admission criteria for exhibitors and products

The submission of the application only constitutes an application for admission. BIOFACH has its own separate admission criteria for products and services. Information about these criteria is obtainable on www.biofach.de/admission-criteria.

The project management reserves the right to reject products submitted or exhibitors in individual cases. Products (copies, counterfeits, etc.) that violate the regulations for the protection of industrial property rights in Germany are not admitted. Compliance with statutory requirements is the sole responsibility of the exhibitor.

By submitting a registration, the exhibitor agrees to comply with these criteria. The exhibitor is responsible for ensuring that all products and services the exhibitor presents at BIOFACH will comply with the admission criteria.

Moreover, the exhibitor's products must be mainly intended for visitors to BIOFACH and not for exhibiting companies!

5.1 International Newcomers & Start-ups

Companies from the organic or ecological sector with headquarters outside of Germany, not older than 10 years and with less than 50 employees are eligible to participate.

5.2 Initiatives & NGOs

Civil society organisations and associations that get involved in social and environmental policy and do not aim to generate profit are eligible to participate.

5.3 Alternative Packaging Solutions

Companies, organisations and associations that develop, produce or distribute alternative and innovative packaging concepts and solutions relevant to the ecological or organic sector are eligible to participate.

5.4 NextGen Campus

Universities and colleges that offer courses of studies relevant to the ecological or organic sector are eligible to participate.

6. Conclusion of contract

A binding order for stand space is made by the exhibitor returning the completed Online Application form. The rental contract between exhibitor and organizer is concluded on confirmation of the stand space by the organizer, unless the exhibitor objects in writing within 2 weeks after receipt of the confirmation of stand space.

If the exhibitor cancels the order for stand space before receipt of the stand space confirmation or objects to the stand space confirmation in accordance

with the above-mentioned terms and conditions, it shall be obligated to pay a processing fee of EUR 500 in every case.

For cancellation after receipt of the stand space confirmation (= admission), the respective participation price will be due as a cancellation fee.

The admission of companies is at the discretion of the organizer. All exhibits are to be listed in full in the application. Failure to complete application for admission or the provision of false information entitles the organizer to cancel the admission and stand space confirmation in accordance with item 8 of the General Conditions for Participation in Fairs and Exhibitions. Should it transpire before or during the exhibition that these declarations are incorrect, the articles concerned may be removed from the stand or the complete stand closed if the majority of the products are not admissible. Such action shall not affect the exhibitor's obligation to pay invoices.

8. Payment conditions

Any payments are due by the date shown on the respective invoice. Invoices are payable in full. All payments are to be made in EURO without charges, quoting invoice number.

If the exhibitor enters a different invoice address on the application form, he authorizes the stated person/company to receive the invoice and other payment requests. This does not exempt the exhibitor from his obligation to pay.

The issue of an invoice to an invoice addressee who is not the contractual partner or recipient of the service is only admissible if the invoice clearly, explicitly and verifiably indicates who the actual recipient of the service is and that the invoice addressee is only the postal address of the invoice.

For this reason, NürnbergMesse has issued the invoice c/o the invoice addressee you have stated, cf. Section 14.5 Para. 3 p. 1 ff. of the German VAT Implementation Decree (UStAE).

For subsequent changes to the invoice for which the exhibitor is responsible, NürnbergMesse may charge a processing fee of EUR 50.

The same applies when an additional expense is incurred by the event organizer for entering invoices and/or relevant information, data, and documents into the accounting systems or portals of the exhibitor.

An entitlement to occupy the allocated stand space exists only after payment of invoices in full. The exhibitor is to provide proof of payment.

The exhibitor agrees to transmission of invoices by the organizer via e-mail (electronic billing). If the exhibitor does not wish to use electronic billing, he or she can object in writing or in text form.

9. Insurance

Exhibitors are obliged to make their own adequate insurance arrangements.

Insurance for exhibitors (transport and duration of event) is advisable and can be arranged through a collective insurance contract taken out by the organizer.

13. Exhibition priority

An application for exhibition priority for this event has been submitted to the Federal Ministry of Justice. The priority certificate protects certain patent rights until submission of an application to a patent office in Germany or abroad.

14. Rules and regulations

- **The products must be intended for resellers, direct sales at the exhibition are prohibited. Exhibitors are also prohibited from presenting, advertising, serving and giving away unauthorized or non-compliant products, especially conventional food. This includes**

the servicing of visitors. In case of non-compliance, NürnbergMesse reserves the right to close the concerned stand, as well as exclude the exhibitor from participating in follow-up/subsequent events. Compliance with statutory requirements is the sole responsibility of the exhibitor.

- The exhibition ends at 5:00 p.m. on the last day of the trade fair. Each exhibitor undertakes
 - to staff its stand space with stand personnel
 - not to begin disassembly of the exhibition stand until this time.
