3. Contractual terms

The terms for participation in the Trade Fair BIOFACH 2027 are the Special Conditions for Participation in the trade fair BIOFACH 2027 and General Conditions for Participation in Fairs and Exhibitions (including Supplementary Agreement), the NürnbergMesse site regulations, the organizational (e.g. exhibitor information), technical (e.g. Online ExhibitorShop) and other conditions notified to the exhibitor before the exhibition begins.

If the digital event platform talque is used for the Trade Fair BIOFACH 2027, the licence terms and conditions of use for talque of Real Life Interaction GmbH shall also be part of the contractual basis. In this case, every exhibitor will receive a basic entry on the digital event platform. If the licence terms and conditions of use for talque of Real Life Interaction GmbH and the Special Conditions of Participation in the Trade Fair BIOFACH 2027 contradict one another, the latter shall take precedence.

4. Application

The application must be received by no later than 03 July 2026 using the online application form issued by NürnbergMesse on www.biofach.com. The processing of your application can only begin once all the necessary documents have been submitted.

5. Admission criteria for exhibitors and products

The submission of the application only constitutes an application for admission. BIOFACH has its own separate admission criteria for products and services. Information about these criteria is obtainable on www.biofach.de/en/admission-criteria.

The admission criteria also apply to all products intended to be given away or consumed (e.g. promotional gifts, catering).

The project management reserves the right to reject products submitted or exhibitors in individual cases. Products (copies, counterfeits, etc.) that violate the regulations for the protection of industrial property rights in Germany are not admitted. Compliance with statutory requirements is the sole responsibility of the exhibitor.

By submitting a registration, the exhibitor agrees to comply with these criteria. The exhibitor is responsible for ensuring that all products and services the exhibitor presents at BIOFACH will comply with the admission criteria.

Moreover, the exhibitor's products must be mainly intended for visitors to BIOFACH and not for exhibiting companies!

6. Conclusion of contract

A binding order for stand space is made by the exhibitor returning the completed Online Application form. If the organizer has sent the exhibitor a suggested stand position and this is confirmed by the exhibitor, the rental contract between the exhibitor and the organizer will be concluded on confirmation of the stand space by the organizer. If the organizer has not sent the exhibitor a suggested stand position or the position suggested by the organizer is not confirmed by the exhibitor, the rental contract will be concluded according to the stand space confirmation, unless the exhibitor objects in writing within 2 weeks after receipt of the confirmation of stand space.

If the exhibitor cancels the order for stand space before receipt of the stand space confirmation or objects to the stand space confirmation in accordance with the above-mentioned terms and conditions, it shall be obligated to pay a processing fee of EUR 500 in every case.

If the exhibitor has ordered the stand space as part of the Prebooking, the order for the stand space can be cancelled up to and including 27 March 2026 without incurring the aforementioned processing fee or other costs.

Cancellation after receipt of the stand space confirmation (= admission) is governed by item 7 of the General Conditions for Participation in Fairs and Exhibitions.

The admission of companies is at the discretion of the organizer. All exhibits are to be listed in full in the application. Failure to complete application for admission or the provision of false information entitles the organizer to cancel the admission and stand space confirmation in accordance with item 8 of the

General Conditions for Participation in Fairs and Exhibitions. Should it transpire before or during the exhibition that these declarations are incorrect, the articles concerned may be removed from the stand or the complete stand closed if the majority of the products are not admissible. Such action shall not affect the exhibitor's obligation to pay invoices.

7. Rental in exhibition halls

per m² (or part thereof) stand space

EUR 218	In-line stand	(1 side open; min. 12 m ²)
EUR 254	Corner stand	(2 sides open; min. 15 m ²)
EUR 264	Peninsula stand	(3 sides open; min. 30 m ²)
EUR 279	Island stand	(4 sides open; min. 60 m ²)

Prebooking discount for exhibitors

(only for complete registrations received during the event (10 – 13 February 2026)):

EUR 209	In-line stand	(1 side open; min. 12 m ²)
EUR 244	Corner stand	(2 sides open; min. 15 m ²)
EUR 254	Peninsula stand	(3 sides open; min. 30 m ²)
EUR 269	Island stand	(4 sides open; min. 60 m ²)

Minimum stand space is 12 m².

For each commenced m² of upper floor stand space a price of 50% of the respective m² stand space rental price is charged. Approval for two-storey stands can be applied for using the form "Application for construction permit for two-storey stands". This form also contains the guidelines as well as the prices of approval, the sprinkler system and heat differential detectors for two-storey stands.

The type of stand allocated depends on planning; an entitlement to a certain type of stand does not exist.

Rental includes:

- Hire of the stand space during assembly, exhibition and dismantling.
- General guarding of the exhibition halls.
- General lighting of the exhibition halls.
- General cleaning of the passageways.

An administrative fee of EUR 0.60/m² of stand space in exhibition halls will be charged and remitted to the AUMA (Association of the German Trade Fair Industry).

The waste disposal service includes the professional removal and recycling of any waste generated at the stand during assembly and dismantling as well as for the entire duration of the trade fair. The flat fee for this is EUR 6.40/m² and is charged up to a maximum area of 500 m². The disposal of production waste accumulated during the event, entire stand elements or complete exhibition stands must be ordered separately. It is strictly forbidden to bring any waste with you, any violation will be charged to the exhibitor. We reserve the right to take further measures. Waste is disposed of in accordance with the Technical Regulations.

8. Complete rental stand

All charges of complete rental stands are calculated per m² of stand space (rounded up to nearest full m²), in addition to rental charge for stand space in exhibition halls (see item 7). All pictures are exemplary pictures.

Rental includes:

- Hire of complete stand.

You will find all models at www.standconfigurator.com.

The organizer is responsible for assembling and dismantling the complete rental stand.

The complete rental stand and its fittings must not be pasted over, nailed, painted or damaged in any way. The exhibitor is liable for damage done during the rental period and will be charged with the costs.

9. Payment conditions

Any payments are due by the date shown on the respective invoice. Invoices are payable in full. All payments are to be made in EURO without charges, quoting invoice number.

If the exhibitor enters a different invoice address on the application form, he authorizes the stated person/company to receive the invoice and other payment requests. This does not exempt the exhibitor from his obligation to pay.

The issue of an invoice to an invoice addressee who is not the contractual partner or recipient of the service is only admissible if the invoice clearly, explicitly and verifiably indicates who the actual recipient of the service is and that the invoice addressee is only the postal address of the invoice.

For this reason, NürnbergMesse has issued the invoice c/o the invoice addressee you have stated, cf. Section 14.5 Para. 3 p. 1 ff. of the German VAT Implementation Decree (UStAE).

For subsequent changes to the invoice for which the exhibitor is responsible, NürnbergMesse may charge a processing fee of EUR 50. Once the service has been provided, the invoice cannot be changed.

An entitlement to occupy the allocated stand space exists only after payment of invoices in full. The exhibitor is to provide proof of payment.

The exhibitor agrees to transmission of invoices by the organizer via e-mail (electronic billing). If the exhibitor does not wish to use electronic billing, he or she can object in writing or in text form.

10. Insurance

Exhibitors are obliged to make their own adequate insurance arrangements. Insurance for exhibitors (transport and duration of event) is advisable and can be arranged through a collective insurance contract taken out by the organizer.

11. Assembly and dismantling, passes

Assembly:	Sat 13 February 2027	7:00–22:00
	Sun 14 February 2027	7:00–22:00
	Mon 15 February 2027	7:00–19:00

The construction of exhibition stands must be completed by Monday, 15 February 2027, so as not to jeopardise the operation of the event. In all other respects, please see item 11 of the General Conditions for Participation in Fairs and Exhibitions.

Dismantling:	Fri 19 February 2027	17:00–24:00
	Sat 20 February 2027	7:00–22:00
	Sun 21 February 2027	7:00–19:00

Access to the halls during assembly and dismantling times is only permitted on display of special passes, which are not valid during the exhibition.

Dismantling is not permitted before 17:00. Please see item 18 of the Special Conditions for Participation.

12. Stand design

The exhibitor is responsible for the stand equipment and design. The exhibitor undertakes to comply with these requirements. In the event of non-compliance, the organizer or the neighboring exhibitors affected may be entitled to claim damages.

The technical guidelines, which can be found on the event website, are decisive for stand equipment and design. Stands whose inadequate design detracts from the overall appearance of the trade fair or the hall will not be approved by the organizer and will be subject to appropriate conditions. Exhibition stands larger than 400 m² are generally subject to approval.

Transparency

The guiding principle for the design of all exhibition stands is transparency. At least 50% of all aisle sides must be freely accessible and must not be obstructed.

Floor coverings

The floors of the stands must be covered by the exhibitors with a suitable covering (e.g., carpet, parquet, PVC). In this regard, reference is made to the technical guidelines. Floor coverings in the exhibition stands may only be attached with double-sided adhesive tape (exclusively with solvent-free adhesive tapes: tesafix No. 4964).

Stand partition walls

The stand partition walls (hardboard structure) may only be treated with watersoluble adhesives and may not be painted without first being wallpapered. After the event, wallpaper or other wall coverings must be removed by the exhibitor. Otherwise, the stand partition walls will be cleaned at the exhibitor's expense. All other stand partition walls, floors, hall walls, pillars, installation and fire protection equipment, and other fixed hall fixtures may not be covered with adhesive, painted, or damaged in any other way. Damage will be charged to the exhibitor and invoiced.

Pillars

Any pillars, installation equipment, and fire protection equipment located in the stand area are part of the allocated stand space and must be accessible at all times.

Front fascia

If a rental exhibition booth is not used, a front fascia must be installed on all open sides of the booth space. The front fascia is not required if the necessary booth quality is ensured in another way.

Minimum height – maximum height – advertising media

The minimum height is 2.50 m. The rear sides of stand boundaries, advertising media, or other design elements facing neighboring stands that are taller than 2.50 m must be painted in a neutral, muted color and kept clean. The rear walls must be clean and homogeneous in design, visually flawless, and must not contain any text or graphics. The maximum height for stand construction and customer installations is generally 5.00 m measured from the hall floor and must not be exceeded. The hall plans and hall legends to be observed may result in a reduction of the above-mentioned maximum heights.

Two-story stand construction

Two-story stand construction is possible in individual cases upon special request. The relevant application forms must be requested from the organizer. The special request must be approved by the organizer. In addition, the exhibitor must obtain the necessary building permits. In the interests of the event as a whole and for safety reasons, two-story stand construction may be rejected. The stand rental fee increases by 50% for the built-up stand area. There is no legal entitlement to two-story stand construction.

Further requirements

Further requirements regarding stand design remain reserved.

13. Exhibitor passes

Each exhibitor will be given free passes according to stand size for his exhibition stand and operating personnel. 3 passes will be issued for up to 10 m² stand space, plus 1 pass for each further 10 m², up to a maximum of 21 free passes. Joint stands receive 3 additional passes per co-exhibitor. These tickets are valid during duration and also during assembling and dismantling time. Any additional exhibitor passes needed can be purchased for entitled persons at a price of EUR 61.

Exhibitor passes must be personalized and are only to be issued to personnel working on the exhibitor's stand.

14. Marketing services for direct and co-exhibitors

The organizer provides the following services for each exhibitor, provided all the necessary documents are received in full by NürnbergMesse by not later than 02 October 2026.

- Display of exhibitor's **press information** in the press center.
- Entry of exhibitor's company name and stand number in the **Exhibition Guide** (issued free to all visitors).
- **Voucher codes** (electronic admission vouchers – only online redeemable). The exhibitor is only billed for voucher codes actually exchanged for tickets by visitors.
- Use of the TicketCenter with Pass management and Invitation management (personalization, allocation and tracking of exhibitor and stand assembly and dismantling passes. Here you can order, send and manage exhibitor passes. These authorize your stand personnel to access the exhibition halls during the exhibition as well as the set-up and dismantling times. After the event, you will only be charged for the exhibitor passes actually used, minus your free quota, depending on the stand area booked.)
- Voucher monitoring (you can see at a glance which customers have accepted your invitation, registered and ultimately visited BIOFACH 2027.)
- News and promotion of the event on social media channels
- Digital assets (license and free use of e.g. logos, ads, text samples, banners, social media graphics, etc.) of BIOFACH (download section at www.biofach.de)

It is strictly forbidden to sell admission vouchers to third parties.

Admission vouchers are only to be issued to trade visitors free of charge.

Only valid in conjunction with proof of eligibility as trade visitor.

The organizer shall provide to each exhibitor a digital company profile with the following services:

- Presentation of basic company information (name, address, contact data) in the company profile and other additionally individualised information (e.g. logo, description of the company, publication of a PDF document)
- Unlimited choices in the product group directory
- Display of exhibitors in the online floor plan (only for direct exhibitors)
- Possibility of autonomous and continuous updating of the exhibitor profile
- The company profile will remain online for up to six months after the event

The exhibitor is solely responsible for the information and other materials, particularly including photographic materials, provided by it. It shall indemnify the organizer against all third-party claims asserted in connection with the provided materials.

The exhibitor agrees to purchase the marketing services at a price of EUR 929. This will be charged together with the stand rental. No reduction in price can be granted if only parts of the package are used, in particular if the exhibitor does not meet our deadlines.

NürnbergMesse and its employees and agents are only liable for accidental omissions, printing errors, faulty workmanship of any kind, etc. in exhibition directories (such as Exhibition Guide, online profile, etc.) if such defects can be proved to have been caused by intent or gross negligence.

15. Co-exhibitors

Co-exhibitors are companies who appear on the exhibitor's (= direct exhibitor's) stand and present their own products with their own personnel. Their independence must also be recognizable without physical separation.

Co-exhibitors are only admissible if they fulfill the conditions for participation in the event and the information requested on the online application form issued by NürnbergMesse on www.biofach.com for co-exhibitors has been entered in full. The application for co-exhibitors must be received by no later than 02 October 2026. If the application is received after this deadline, the event organizer can no longer guarantee that the marketing services indicated in Item 14 can be provided. The exhibitor and/or co-exhibitors shall have no claims on this basis. If the application of a co-exhibitor is cancelled the direct exhibitor agrees to pay a processing fee of EUR 929.

Co-exhibitors must be registered by the (direct-)exhibitor. In case of non-compliance with our conditions NürnbergMesse will charge an additional fee of EUR 1,000 per co-exhibitor.

16. Stand numbers

After mailing the stand space confirmation, NürnbergMesse may charge a processing fee of EUR 100 for subsequent changes to stand numbers, in so far as such changes can be justified by the exhibitor.

Special Conditions for Participation in the trade fair BIOFACH 2027

(Continued)

17. Exhibition priority

An application for exhibition priority for this event has been submitted to the Federal Ministry of Justice. The priority certificate protects certain patent rights until submission of an application to a patent office in Germany or abroad.

18. Rules and regulations

- The products must be intended for resellers, direct sales at the exhibition are prohibited. Exhibitors are also prohibited from presenting, advertising, serving and giving away unauthorized or non-compliant products. Exhibited products must be labelled in accordance with applicable legal requirements (especially products in consumer and retail packaging). Relevant documents and information must be available at the stand to demonstrate the fulfillment of the admission criteria. This includes the catering of visitors. In case of non-compliance, NürnbergMesse reserves the right to close the concerned stand, as well as exclude the exhibitor from participating in follow-up/subsequent events. Compliance with statutory requirements is the sole responsibility of the exhibitor.
- The exhibition ends at 5:00 p.m. on the last day of the trade fair. Each exhibitor undertakes
 - to staff its stand space with stand personnel
 - not to begin disassembly of the exhibition stand until this time.The organizer shall punish each contravention by charging the exhibitor a contractual penalty. The contractual penalty is EUR 1,200. In addition, the organizer reserves the right to exclude the exhibitor from participating in future BIOFACH events. The direct exhibitor is liable for any co-exhibitor it has. The fee will be charged per co-exhibitor.
- The serving of food and drinks for immediate consumption on payment requires special approval.

- Only reusable crockery or compostable crockery can be used.

• The taking of animals to the exhibition centre is not permitted.
• NürnbergMesse reserves the right to **direct flows of visitors** or, if necessary, to route visitors partly under compulsion. Even after the announcement of possible measures for this purpose, NürnbergMesse is still entitled to change these as short notice at its own discretion and without consulting the exhibitors affected.

- The exhibitor must take care of the delivery of all goods and materials needed for the exhibition appearance. Packages addressed to the organizer for participation in the event will therefore not be accepted.

19. Data protection notice

If the digital event platform talque is used for the Trade Fair BIOFACH 2027, it is noted in addition to Items 23 and 24 of the General Conditions of Participation for Trade Fairs and Exhibitions that the personal data mentioned therein will also be forwarded to the service provider Real Life Interaction GmbH, which is entrusted with the technical implementation of the digital event platform talque, to the extent that this is necessary to carry out the event.

20. Exhibitor claims, written form, place of fulfillment, jurisdiction

All exhibitor claims against the organizer must be made in text form (§ 126b BGB). The statutory period of limitation begins on the last day of the exhibition. Agreements that deviate from these or supplementary terms must be in text form (§ 126b BGB).

German law and the German text shall prevail.

Place of fulfillment and jurisdiction is Nürnberg. However, the organizer reserves the right to bring his claims before the court of the place at which the exhibitor has his place of business.
